Privacy Statement

Effective date: 11/16/26

Champion Col-EDGE Solutions (“Champion,” “we,” “us,” or “our”), operated by Champion Education Holdings, LLC, respects your privacy. This Privacy Statement explains how we collect, use, and disclose information through ChampionSolutions.net, our applications, and related communications, including text messages.

Information We Collect

We may collect personal information you provide when you contact us, complete a form, request assistance, or participate in our services. Depending on your interaction with Champion, this may include your name, email address, mailing address, telephone number, and information needed to respond to your request.

For text messaging, we may collect your mobile telephone number, communication preferences, consent records, and messages exchanged with our team.

Please do not use your Social Security number or other sensitive identifying information as a username or password. Avoid sending Social Security numbers, account passwords, or other sensitive information by text message.

How We Use Information

We use information to respond to inquiries, provide requested services, communicate with you, maintain communication preferences, and improve our website and services. Where permitted and with any required consent, we may also use information to communicate about Champion’s products and services. Permission to receive one type of communication does not automatically authorize unrelated marketing messages.

How We Share Information

We may share information with affiliated organizations and contracted service providers when needed to support our operations or provide services. These activities may include website hosting, technology support, communications, and service administration. Where permitted or required by law, information may also be disclosed to respond to legal processes, protect users and others, enforce applicable terms, or support a sale, merger, or transfer of business assets.

The SMS-specific restrictions below apply to the general sharing provisions in this statement.

Mobile Information and SMS Privacy
We use mobile numbers and SMS information to provide the text communications you have agreed to receive and to manage your messaging preferences.

We do not sell, rent, or share mobile numbers with third parties or affiliates for their marketing or promotional purposes.

Text-message opt-in data and consent are excluded from the general information-sharing provisions above. We do not share that information with third parties or affiliates, except with aggregators and service providers necessary to deliver and support our text-messaging services, or where disclosure is required by law.
Providing your telephone number or using our website does not, by itself, constitute consent to receive text messages. We obtain the consent required for the applicable messaging program and maintain records of that consent.

Where you have consented to borrower-support text messages, those messages may include responses to your questions, follow-up communications, and reminders related to the assistance you requested. Message frequency varies. Message and data rates may apply.

You may opt out of text messages at any time by replying STOP. You may receive a final message confirming your request. Additional text messages will stop unless you provide new consent. You may also contact us for help with your communication preferences.

For assistance, call (480) 947-7375 or email mentors@championscompanies.com.
Website Usage Information and Cookies

Our website may use cookies and third-party analytics services to collect technical and usage information, such as IP addresses, browser types, referring pages, pages visited, and time spent on the website. We use this information to administer the website, understand usage, improve functionality, and support internal analysis and marketing decisions. You can manage or disable cookies through your browser settings. Disabling cookies may affect certain website features.

Information Protection
We use commercially reasonable measures to protect personal information. However, no internet transmission or electronic storage system can be guaranteed to be completely secure.

Third-Party Websites

Our website may link to websites operated by other organizations. Their privacy practices are governed by their own policies. Please review those policies before providing personal information.

Your Choices
You may choose not to provide information, although this may limit our ability to respond to certain requests or provide some services.

Contact us to request updates to your contact information or communication preferences. Text-message opt-out instructions appear above.

Changes to This Statement
We may update this Privacy Statement to reflect changes in our practices, services, technology, or applicable requirements. Updates will be posted on this page with a revised effective date. Changes to this statement do not replace any new consent required for a different use of your information.
